

Stress and Human Performance

Stress has an adverse effect on human performance. Now compound that with a highly stressful scenario aloft and you might have a recipe for disaster. Learn how stress effects your body, influences your decision making and situational awareness, and key ways to reduce stress and competently, confidently work through any situation.

Directions: At Charleston International Airport, turn off of S. Aviation Road, just beyond the FAA Control Tower, onto Fighter Drive.

A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
